CALL TO ORDER FOR MEETING: Brenda Melius called the meeting to order at 07:00PM

BM stated that there will be a zoning application that will be submitted soon.

We are changing our meeting to the 1st Wed of the month starting next meeting.

We reviewed House bill HB1661 – changes that took effect 23 August 2022, reviewed the scheduled fees that are on the town site which have been very confusing for many. BM presented a draft that we need to review. There is a question on the rates for the application fee, postage, legal notices, and registry and that we should increase the amounts. BSP stated that we should consider adding a fee for the Junkyard, currently there is no fee associated with a junkyard license fee. BM will update the schedule of fees and bring it back to the next meeting so we can review.

We reviewed that the chair would take the test that is listed under .

House Bill HB1661. There is also a new bill HB636 in legislature requiring an 8-hour training with a test that all members must take and pass. Currently bill HB636 has been tabled in legislature.

MG will be leaving, and we would need to see a replacement for his seat. JB recommended Ray LeClaire and will ask Ray if he would be interested.

Next Meeting April 05, 2023

Meeting Adjourned: 19:48 PM Respectfully submitted, Jennifer Bland
